Dear Ms. Davis:

HANFORD FACILITY NONCOMPLIANCE REPORT FOR CALENDAR YEAR 2006
(PERMIT CONDITION I.E.19)

This letter serves as the Hanford Facility Noncompliance Report for Calendar Year 2006, submitted to meet the March 1, 2007 compliance due date specified in Hanford Facility Resource Conservation and Recovery Act Permit, WA7890008967 (Permit) Condition I.E.19. Permit Condition I.E.19 states: *The Permittees shall report to Ecology all instances of noncompliance, not otherwise required to be reported elsewhere in this Permit, at the time the Annual Dangerous Waste Report is submitted.* This Permit condition is interpreted to mean instances of noncompliance with Permit conditions associated with treatment, storage, and/or disposal units incorporated in Revision 8 of the Permit. Noncompliances with Permit conditions alleged by State of Washington, Department of Ecology or reported by the Permittees through Notices of Violation, Notices of Correction, Inspection Reports, Project Manager Meeting Minutes, or other written correspondence are excluded from this report. There are no noncompliances to report for Calendar Year 2006, which covers the reporting period from January 1, 2006 through December 31, 2006.

If you have any questions, please contact me, or your staff may contact Doug S. Shoop, Assistant Manager for Safety and Engineering, on (509) 376-0108.

Sincerely,

Keith A. Klein
Manager
